3 x 5 - Curved Footprint: H 224 x W 343.5 x D 129.5cm

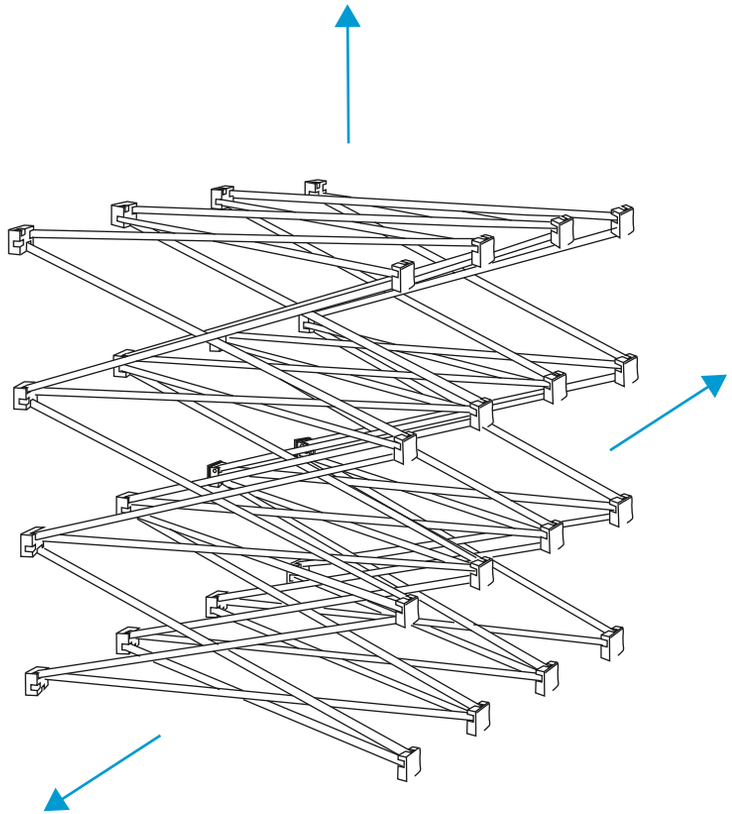

Recommended Media

400 - 500 micron calandered PVC

ASSEMBLY INSTRUCTIONS

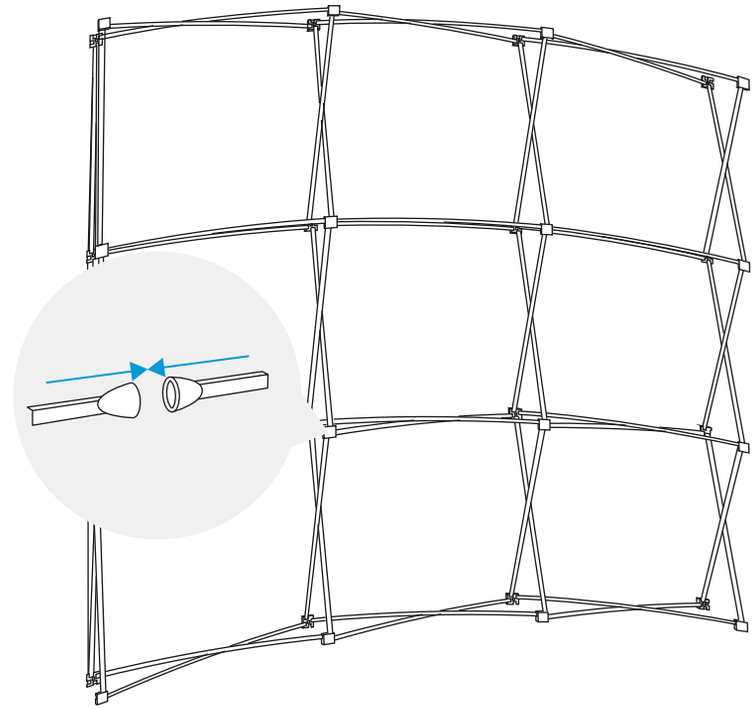

Remove frame from carry case.

1 Expand Frame, ensuring that the round, adjustable feet are on the bottom of the frame.

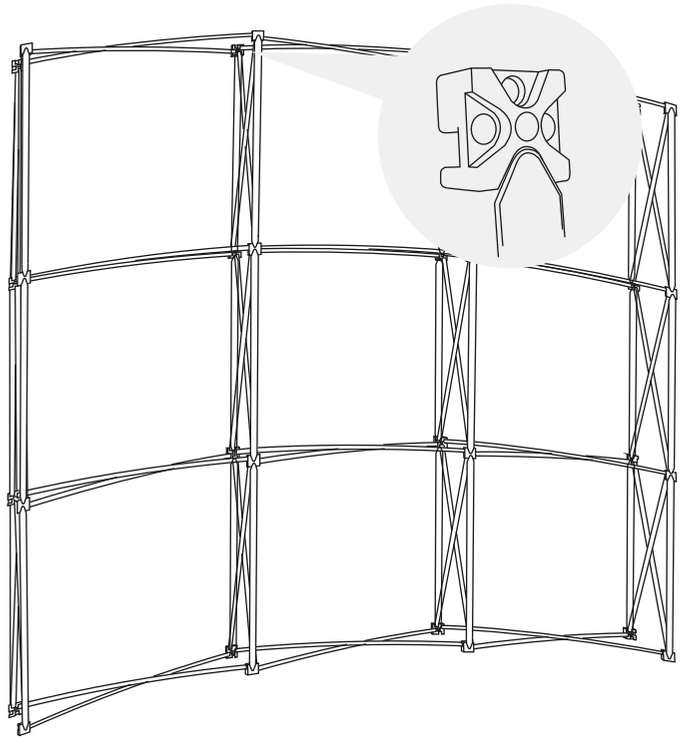

2

Expand the frame until the magnetic locking arms connect together and then apply the individual magnetic bars to the magnetic hubs on the concave side.

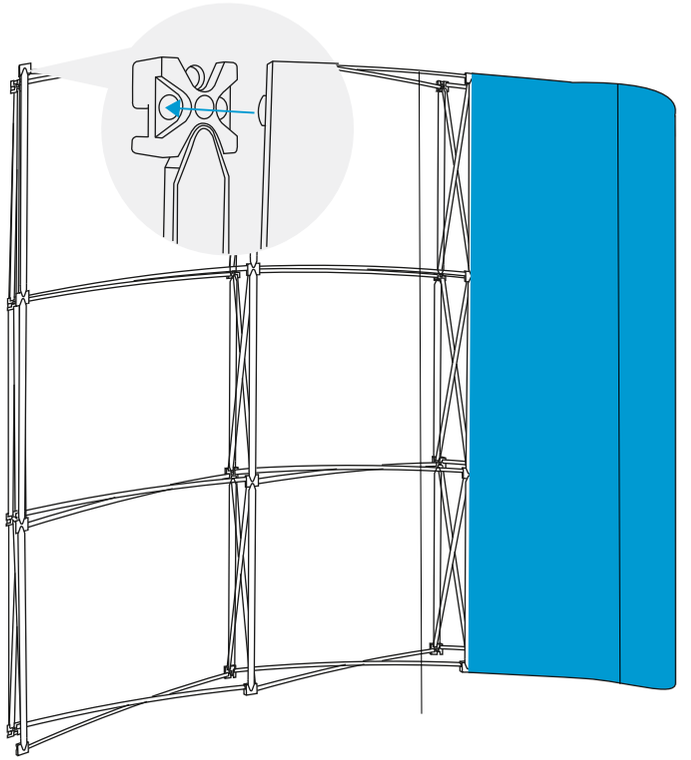

ASSEMBLY INSTRUCTIONS CONTINUED

3

Attach the magnetic bars onto the magnetic nodes as shown in the circle diagram above.

4

Attach the graphic panels to the magnetic bars using the plastic attachments at the top of each graphic to snap into position. Then align the graphic panels in the correct sequence magnetically on to the magnetic bars.

5

Repeat point 4 until all the graphic panels are attached.
